Dr. Garcia's Personal Letter to Patients

REFINED MEDICINE
INSTITUTE OF NEVADA

Julio Garcia, M.D.

To All of My Patients,

After 35 years of practicing medicine, I am announcing my retirement as of April 21, 2023.

It is with very mixed emotions that this decision is being made. It may be earlier than many of you anticipated, but a number of personal factors came together over the past year to make this the right time. There is no doubt that I will miss doing what I have enjoyed doing for so many years, however, I know it is time for me to step back.

It has been my absolute privilege to be a part of your lives for so long. You have all impacted my life in more ways that you will ever know. I will always be humbled and appreciative that you have allowed me to be a part of your life's journey as you have been a part of mine. It has been a unique opportunity and a gift. Thank you.

I will continue to see my patients and take care of your needs for the next few months.

For my plastic surgery patients, I am entrusting Dr. John Minoli to be the Custodian of Records. Dr. Minoli is a board certified plastic surgeon. His telephone number is 702.463.3369.

For my regenerative medicine patients, I am recommending you transition your care to American Medical Wellness. They perform the same services we provide in my office at the present time. Their telephone number is 702.347.7000. I will be available for consulting in their office should you wish after I close my office in April. This will be for a short time only.

I am sure many of you will have questions and concerns and I ask that you please call my office staff at 702-870-0058 or 702-838-0571 and they will be happy to help you. If you desire a short discussion with me after learning of my retirement, please have my staff find a time for me to answer questions you may have.

If the next chapter of my life is half as rewarding as my time spent with all of you, I will be one fortunate man. Please accept my thanks and my appreciation.

I wish you all the best,

Julio Garcia, M.D.
